

# Iza Lach, Gotta be real (feat. Snoop Dogg)

You Gotta to Be Real  
To be so in love  
You Gotta to Be Real  
To make something worth  
You Gotta to Be Real  
To be very brave  
You Gotta to Be Real  
Till your last day

I can't believe it's true  
I found this love with you  
And it is simply truth  
To find true love  
You Gotta to Be Real  
I can't believe it's true  
I found this love with you  
And it is simply clear  
My dear  
You Gotta to Be Real

I can make this song  
About you and me  
But when your arms are around me  
I could barely speak  
I can make this song  
About you and me  
But I'd rather be around you  
Baby, come to me!

Gotta to Be /10x  
You Gotta to Be Real

[Snoop Dogg:]  
Gotta got you real  
See I'm tell you how I feel  
See I can fake you for one minute  
And I've been own you every since I've ... it  
Let me take your mind  
And your body too  
I'll make you feel Like you wanna do  
So we can do it  
We can have a good time  
You know?  
You don't have to play baby on the ...  
... your headache  
Make you feel so good

..  
Baby I'm picking you up  
What's up  
See baby, we're flying away  
Don't Running away  
Don't matter we living the day

..  
Always get excitement about  
When I slide it out  
Never ever fight about  
Power  
Turn it up a little bit louder  
So I can break it down so you have it

..  
See love is not a real feeling  
And I could give you how you really wanna feel it  
So sit back  
Relax and enjoy

The lack is back to a homeboy

I can't believe it's true  
I found this love with you  
And it is simply truth  
To find true love  
You Gotta to Be Real  
I can't believe it's true  
I found this love with you  
And it is simply clear  
My dear  
You Gotta to Be Real
