

Iza Lach, Time of the year

It's hard to love
When we are getting hurt
Again, again

Our hearts warned now
From trying for so long
Again and again, mhm

Oh, I still believe in one love
The one that makes you feel ooh, oohh
And I feel like I've found one
And it's perfect man
But why it has to be so complicated?

This time of the year
We should be happy
We can be happy, ooh
This time of the year
We should feel love
My dear
This time of the year
We should feel joy
So get this gift from me

Oh, I'm the lucky one
'Cause I have you here
And if it's only in my heart
No, I don't mind
And if I'll never see your smile
I will survive
And if I have to live like that
I'm gonna try
'Cause I don't mind
'Cause we should be happy
So I don't mind

You're all I've got
And you're always in my heart
All day and night

And I can't stop
Even if I try
To take you out

Oh, I still believe in one love
The one that makes you feel ooh, oohh
And I feel like I've found one
And it's perfect man
But why it has to be so complicated?

This time of the year
We should be happy
We can be happy, ooh
This time of the year
We should feel love
My dear (my dear)
This time of the year
We should feel joy
So get this gift from me

Oh, I'm the lucky one
'Cause I have you here
And if it's only in my heart
No, I don't mind

And if I'll never see your smile
I will survive
And if I have to live like that
I'm gonna try
'Cause I don't mind
'Cause we should be happy
So I don't mind
