J. Cole, Middle Child

Niggas been counting me out
I'm counting my bullets,
I'm loading my clips
I'm writing down names,
I'm making a list
I'm checking it twice, and I'm getting them hit
The real ones been dying, the fake ones is lit
the game is off balance
I am back on my shit
e Bentley is dirty
my sneakers is dirty
but that's how I like it
you all on my dick

I am all in my bag
this hard as I get
I do not snort powder
I might take a sip
I might hit the blunt
but I am liable to trip
I ain;t popping no pill but you do as you wish
I roll with some friends
I love en to death
I got a few mil but not all of them rich
what good is the bread if my niggas is broke
what good is first class if my niggas can't sit

that's my next mission, that;s why I can't quit jusyt like Lebron, get my niggas more chips just put the Rollie right back on my wrist this watch came from Dizzy, he gave me a gift back when the rap game was praying I'd diss they act like two legends cannot coexist but I'd never beef with ea nigga for nothing if I smoke a rapper it's gone be legit It won't be for clout It won't be for fame It won't be cause my shit aon't selling the same It won't be to sell you my latest lil sneakers It won't be cause some niggas slid in my lane everything grows, it's destined to change o love you lil nigas I am glad you came I hpe that you scrape every dollar you can I hope you know money won't erase the pain To the OGs, I'm thankin' you now Was watchin' you when you was pavin' the ground I copied your cadence, I mirrored your style I studied the greats, I'm the greatest right now Fuck if you feel me, you ain't got a choice Now I ain't do no promo, still made all that noise This year gon' be different, I set my intentions I promise to slap all that hate out your voice

[Refrain]

Niggas been countin' me out I'm countin' my bullets, I'm loadin' my clips I'm writin' down names, I'm makin' a list I'm checkin' it twice and I'm gettin' 'em hit The real ones been dyin', the fake ones is lit The game is off balance, I'm back on my shit The Bentley is dirty, my sneakers is dirty But that's how I like it, you all on my dick [Chorus]

I just poured somethin' in my cup
I've been wantin' somethin' I can feel
Promise I am never lettin' up
Money in your palm don't make you real
Foot is on they neck, I got 'em stuck
I'ma give 'em somethin' they can feel
If it ain't 'bout the squad, don't give a fuck
Pistol in your hand don't make you real

[Verse 2]

I'm dead in the middle of two generations I'm little bro and big bro all at once Just left the lab with young 21 Savage I'm 'bout to go and meet Jigga for lunch Had a long talk with the young nigga Kodak Reminded me of young niggas from 'Ville Straight out the projects, no fakin', just honest I wish that he had more guidance, for real Too many niggas in cycle of jail Spending they birthdays inside of a cell We coming from a long bloodline of trauma We raised by our mamas, Lord we gotta heal We hurting our sisters, the babies as well We killing our brothers, they poisoned the well Distorted self image, we set up to fail I'ma make sure that the real gon' prevail, nigga

[Chorus]

I just poured somethin' in my cup
I've been wantin' somethin' I can feel
Promise I am never lettin' up
Money in your palm don't make you real
Foot is on they neck, I got 'em stuck
I'ma give 'em somethin' they can feel
If it ain't 'bout the squad, don't give a fuck
Pistol in your hand don't make you real

[Outro]

Money in your palm don't make you real Pistol in your hand don't make you real Money in your palm don't make you real
