Ain't nothin' i wan more

When i first came here i said  
I ain't come here to waste my time

I came here  
They gave us change to get in  
Like we asked for  
And that's what we here to do  
Yeah, nigga, 26, straight up

You know what i am here for!

Back on top  
Punchin' the clock  
Clutch insanity  
I got more cribs than habitat for humanity

Shit profound  
We propagatin' more profanity  
Paid off collectuins from recollections of calamity
