## J.J. Cale, Katy Kool Lady (Out Of Style)

(J.J. Cale)

I sure do miss you babe You know it's been a while Way too long since you been gone I'm almost out of style You treat me kind and gentle You're always on my mind A love that's true I keep for you Until the end of time Someday you've got to come back Stay with me a while I'll take some time to make you mine And keep you out of style
