

# J.J. Cale, Rio

(J.J. Cale)

Rio de Janeiro  
Hot wind of brazilian nights  
Rio de Janeiro  
I tip my sombrero on a tan girl in the moonlight  
Their close encounters make a man  
Feel just right  
Rio de Janeiro  
The steamy place  
That you are  
Rio de Janeiro  
I've come to love you from afar  
To touch the water of your sea  
Feel your sensuality  
Walk your boulevards  
Sao Paulo, Brazilia  
I've been there before  
They make me think of just a girl next door  
They don't have your sexual groove  
Rio, Rio puts me in that mood  
Rio de Janeiro  
Your sultry rythms get me up  
Rio de Janeiro  
If I could drink from your cup  
I need a shot  
Your pulse is hot  
Rio, Rio you're so corrupt  
I'm just a lonely caballero  
I'm just a lonely, lonely man  
I'm just a lonely caballero  
Tryin' to make it to your land  
Rio de Janeiro  
Rio de Janeiro  
To touch the water of your sea  
Feel your sensuality  
Walk your boulevards
