

# J.J. Cale, Santa Cruz

(J.J. Cale)

Oo-wee how did I lose  
Talkin' about a night in Santa Cruz  
Oo-wee how did I lose  
Talkin' about a night in Santa Cruz

Well I came to coast from L.A.  
Just to give a little music to boo me away  
Hey J.J. can you play Cocaine  
Do After Midnight it's all the same

Oo-wee how did I lose  
Talkin' about a night in Santa Cruz  
Oo-wee how did I lose  
I'll tell you about the night in Santa Cruz

Well we didn't play long it booted too soon  
I can't do right no matter what you do  
A girl in the crowd, at the finale  
Shouted at me had I even turned

Another man left 'cos he didn't stay long  
I thought we had played his favorite song  
Hey you, pull that weight  
A soon as it's cleaned up then I'll fade away

My friends and I hope you're glad to see  
Me and my friends coming off the street

Play, Richard

I don't mean a man can't lose  
Just stay by the night in Santa Cruz  
Just stay by the night in Santa Cruz  
I don't mean a man can't lose
