

# J.J. Cale, Slower Baby

(J.J. Cale)

Slower baby wind it down  
Go slower baby, when you move around  
It's the rule of not to lead  
It's the friction not the heat  
If you hold it right back  
You're on the right track  
Go slower baby, when you ride inside the sound  
Slower baby just let it slide  
When you roll a thing, you know it's gonna swing  
Put my mind at ease, you know you're such a tease  
Slower baby, just let it flow  
Go slower baby, you can make it grow  
Chill it to the womb let me drive it home  
Anticipation relaxation  
Slower baby  
Go slower baby  
Slower baby, wind it down  
Go slower baby, when you move around  
Slower baby  
Go slower baby  
Slower baby  
Go slower baby
