

# J. Ralph, Kansas City Shuffle

It's a blindfold kick back type of a game  
Called the Kansas City Shuffle  
Whereas you look left and they fall right  
Into the Kansas City Shuffle  
It's a they-think you-think you don't know  
Type of Kansas City hustle  
Where you take your time  
Wait your turn  
And hang them up, and out to dry  
(indistinct voice)  
It's a shakedown switch arrive in town  
Type of Kansas City Shuffle  
Gotta' make both sides and let it ride  
On the Kansas City Shuffle  
Now the tables turned the lessons learned  
You've gotta earn yourself some trouble  
Revenge like this, never sweet-  
You've got yourself a long ride home  
(indistinct voice)
