

# Jaci Velasquez, I'm Alive

The first breath  
A new sky  
You hung the stars  
And placed the sunrise  
Painted colors  
Yellow and green  
And every other in between

From the dust  
Became flesh and bone  
The greatest gift I've ever known

Chorus  
I'm alive  
I'm alive  
I feel Your arms around me  
Your eyes of love surround me  
I'm alive  
To shine in pure perfection  
And wake up every morning  
In Your light  
I'm so glad  
I'm alive

Bare feet  
My first steps  
And new dreams  
In every sunset  
What a gift  
That You give me every day  
But what a price You had to pay

Chorus

Life traveling on  
And when my time has come  
To say farewell  
From dust to dust  
But You bring me safely home

I take my first breath  
I see the new sky  
I hear the angels  
I see my Father's eyes  
And I know, I know

Chorus
