

# Jaci Velasquez, It Wouldn't Be Christmas

We hang the lights, have snowball  
fights  
And sing our favorite tunes  
All of these are memories  
I make each year with you  
We decorate the douglas together  
And watch &quot;It's A Wonderful Life&quot;;  
I look forward to every December  
Because you're always here by my side  
It wouldn't be Christmas without you  
The season would just come and go  
The holiday cheer would all disappear  
Along with the sleigh bells and snow  
Santa and eight little reindeer  
Might as well pass on through  
'Cause baby it wouldn't be Christmas  
Without you
