

# Jaci Velasquez, Just A Prayer Away

Tears that fell like rain  
Streamed down from my heart  
Colors turned to gray  
Emptiness led the way  
Until I fell apart  
You came to save me  
To show me that

Chorus:

You're just a prayer away  
No matter where I am  
I know in my heart  
You're never too far  
When I'm losing my way  
You're just a prayer away  
My strength is in my faith  
I'm never alone  
I'm never afraid  
Cause You're just a prayer away  
When I close my eyes  
Lord, I call Your name  
And the dark subsides  
Nothing can take the place  
Of the peace I find  
You came to save me  
To show me that

Repeat chorus

Bridge:

Whenever i need to find You  
I just fall on my knees  
In You I find the strength that I need  
To live , to believe
