

# Jaci Velasquez, Supernatural

I've been listening  
To doubt  
She is all around me  
Forcing her way  
Into my heart  
Til I can't resist  
Then I feel grace  
Make me believe in this  
Supernatural thing

Chorus  
Supernatural  
I'll do anything  
To see Your face  
Supernatural  
I'll do anything  
Anything

I have read every verse  
But yet I still search  
To bring down the light  
But I'm in the way  
And can't comprehend  
But You take me back to when  
I believed in this

Supernatural  
I'll do anything  
To see Your face  
Supernatural  
I'll do anything  
Anything

How can I begin to understand  
It could take a lifetime  
Where did this journey start  
And where will it go

Supernatural  
I'll do anything  
To see Your face  
Supernatural  
I'll do anything  
Anything
