

Jack Bruce, I Feel Free

Feel when I dance with you
We move like the sea
You, you're all I want to know
I feel free (repeat)

I can walk down the street there's no one there
Tho' the pavements are one huge crowd
I can drive down the road my eyes don't see
Tho' my mind wants to cry out loud
Yes my mind wants to cry out loud

Dancefloor is like the sea
Ceiling hits the sky
You're the sun and as you shine on me
I feel free (repeat)
