

Jack Bruce, Life On Earth

There's got to be a way of gettin out this place we find we're in
There's got to be a way of getting out this bloody mess we're in

Take my wife please
She's down on her blistered knees
She's dreamin' of a house called Heart's Ease
Why don't you seas come down
And take back what you spawned anyway

There's got to be a time when we can get together natur'ly
There's got to be a time when we can all be brothers and be free
There's got to be a day when there is enough love for you and me
We're gonna take the world and shake the world and what will be is gonna be

Take my life now
Time is tight now
Touch the sky now
Children of the rainbow
Livin' in a house called Heart's Ease
Why don't you seas come down
And take back what you spawned anyway

Take my heart now
Feed us kids now
Touch the sky now
Children of the rainbow
Children of tomorrow
Children of tomorrow
Livin' in a house called Heart's Ease
Why don't you seas come down
And take back what you spawned anyway
