

# Jack Feldman, Nobody Else But You

""[MAX]""

There are times you drive me, shall we say, bananas  
And your mind is missin', no offence, a screw

""[GOOFY]""

&quot;None taken&quot;

""[MAX]""

Still, whatever mess I land in  
Who is always understandin'?  
Nobody else but you

""[GOOFY]""

Oh, your moodiness is now and then, bewilderin'  
And your values may be, so to speak, askew

""[MAX]""

Guzoonheit

""[GOOFY]""

&quot;Thanks&quot;

Who deserves a hero's trophy as we face each cat-a-strofee?  
Nobody else but you

""[BODY]""

Nobody else buy you  
It's just our luck  
We're stuck together

Nobody else but you  
Is crazy enough to believe we'll come through

""[MAX]""

So your jokes are all, let's face it, pre-historic

""[GOOFY]""

And your music sounds like monkeys in a zoo

""[BOTH]""

But when life becomes distressin'  
Who'll I be S.O.S'in?

""[MAX]""

If you're having trouble guessing, here's a clue  
Though he seems intoxicated  
He's just highly animated  
And he's nobody else but

""[BOTH]""

Nobody else but you  
We've turned into a true-blue duo  
Hard times we've had a few

""[GOOFY]""

Like we're thrown in the drink

""[MAX]""

Like we're tossed outta town

""[BOTH]""

But when I start to sink, than I'd rather go down  
With nobody else but Y-O-U!
