

Jack Greene, What In The World Has Gone Wrong

What in the world has gone wrong with our love
Is there nothing in this world we can do
Is there somebody new or is it just me and you
What in the world has gone wrong with our love

Where is the world we used to know where is the love what made us glow
And where is the smile that our love used to bring oh where in the world did it go
What in the world has gone wrong...
What in the world has gone wrong with our love
