

Jack Off Jill, Lollirot Two: Extra Metal

You are insatiable

Sugar smiles slapped on your skull

Everyone knows they need a piece of lollirot

Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot

Hard rock queens in ripped-up jeans

Everyone thinks they're so obscene

Bend them over, you get a taste of lollirot

Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot

Skinny boys are still the best

Oh how I love when they slam and sweat

Get real close, you'll get a sniff of lollirot

Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot

We are all candy, covered on the outside,

Peel away the shell, and we're rotting from the inside

We are all candy, covered on the outside,

Peel back your eyes

Take my advice

Taste all your fears

Sugar and spice

We are all candy, covered on the outside,

Peel away the shell, and we're rotting from the inside

We are all angry, angry on the inside

Peel away the shell, and we're frightened from the inside

You are insatiable

Sugar smiles slapped on your skull

Everyone knows they need a piece of lollirot

Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot

Skinny boys are still the best

Oh how I love when they slam and sweat

Get real close, you'll get a sniff of lollirot

Lolli-lolli-lolli-lolli-lolli-lolli-lolli-lolli-lollirot
