# Jack Russell, Save Your Love

i wake in the night to find you on my mind
deep in a dream you'll always be till the end of time
i look in your eyes they touch my soul my love is hard to hide
i'm never alone when we're apart i feel you by my side
and here in my heart where no one else will ever be
i know who you are so lock the door and throw away the key
save all your love save your love for me
when i'm alone at night you're all i see
i wake from a dream and see you by my side
how could i belong to someone else when holding you feels so right?
and here in my heart where no one else will ever be
we've made it so far so lock the door and throw away the key
save all your love save your love for me
when i'm alone at night you're all i see
save all your love save your love for me
don't turn your back on me you're all i need
i know who you are we've come so far so baby stay with me
save all your love save your love for me
don't turn your back on me you're all i need
save your love
save your love
save all your love
save all your love
save your love
baby save all your love
save all your love
