

Jack U (Diplo & Skrillex), Mind (feat. Ka)

You love how you push me to the point of crazy
And I love when you're on your knees and begging for me
You got me good with all these mind games
There you go, you got my heart again

Say my name!, I wanna hear you call
Hold me close!, I wanna feel your heart
I'm in a cold sweat and I want you bad
Now you got me all in my head, like damn

I'm a show you how, show you how, show you how
To love again
