

Jackie Lomax, Love Will Find A Way

Don't despair my heart, lovers sometimes part
You know you're taking chances from the start
Love will find a way back in my heart

Don't give in to fears, you loved her all those years
Even though you're fighting back your tears
Love will find a way back in my heart

Love will find a way, Love will find a way
Love will find a way back in my heart

Don't think it's a shame, learn to play the game
Till you stop remembering her name
Love will find a way back in my heart

Love will find a way, Love will find a way
Love will find a way back in my heart
