

# Jackie Lomax, Take Me Away

Take me away from the city  
Take me away from the town  
To a place where the scenery's pretty  
A place where there's grass all around  
Take me away

Make it a place where there's sunshine  
Water to swim if I want  
A house with a view will be fine  
With a pipe and a chair in the front  
Take me away

I'm so tired of walking around the street  
With the people rushing, pushing, crushing my feet

All I need is the bus fare  
Maybe a nickel or a dime  
If you want to help me get there  
I'll take your cash any time  
Take me away
