

# Jackie Lomax, Take Me Down To The Water

Take me down to the water  
Show me, show me how to drink  
Waiter, let me change my order  
Allow me just a bit more time to think  
Well I think you know what I mean  
I think you know what I need

Tell me, tell me what is laughter  
Show me how to play the game  
Tell me, tell me who is master  
Come on and show me who I have to blame  
Well I think you know what I mean  
I think you know what I need

Take me, take me down the mountain  
Lead me, lead me into freezing snow  
Bring me, bring me to the fountain  
Come on and soothe me, let my body go  
Well I think you know what I mean  
I think you know what I need
