

# Jackson 5, She

I really need her  
She  
She  
She  
She

She loves  
She  
She  
She

I have found a lady  
That's so real to reality  
She's the kind of lady  
That's so fresh and dressed to the trip

Flowers, fancy car, diamonds and gold  
She wears it well  
She's the kind that's close to me  
And flower can't you tell

She's mine  
She's mine  
And she's fine  
And I know so deep in my heart

I really need her  
And I know that  
She - is the one I love  
She - one I'm thinking of  
She - that girl blows my mind  
She - I know my girl is fine

Leather and lace and designer pantyhose  
She looks so good to me  
Bad from head to toe  
Body so hot  
Looks so good  
She makes me sweat

I know I love that girl  
I know I can't forget her  
She's mine  
She's mine  
And she's fine  
And I know so deep in my heart

I really need her  
And I now that  
She - is the one I love  
She's - one I'm thinking of  
She's - the lady of my dreams  
She's - not the way it seems

She  
She  
She  
She  
And I know that  
She
