

# Jackson United, Like A Bomb

wait  
if it's a hassle  
then i  
can leave you hostile  
embrace  
less and less often  
distaste  
almost forgotten

stop on a dime or just let yourself listen  
wasting your time on an old inquisition  
surrender all of your ammunition  
or rip like a bomb through me

break  
this broken record  
first place  
you hold the last word

stop on a dime or just let yourself listen  
wasting your time on an old inquisition  
surrender all of your ammunition  
or rip like a bomb through me
