

# Jackson Wang, Slow (feat. Ciara)

We can (oh)  
Take it slow  
☐☐88rising

Take it slowly  
You gotta pace yourself oh (ohh baby)  
It's me and you only  
I don't want nobody else (no no baby)

But you got to take it easy  
Slow the pace  
Ain't a race whoa  
I'm here all night  
For love that's right  
When you please me  
Pump the breaks  
You can take your sweet time  
Ease your mind and remember

When you push up on me oh oh oh  
Take it slow for me daddy go slow  
You know I like it when you taking control  
Take it slow for me daddy go slow  
Slow it down down down  
When you put it down down down (when I put it down, girl)

Ain't no rush (ain't no rush)  
Only us  
Skin to skin baby  
Now let's pretend baby (Let's start slower)  
That we're doing this for the first time  
When we were friends baby  
Remember then baby (Let's start slower)  
Said take your time  
But make it nasty  
Girl I'll do anything you ask me  
You set the pace the way you tease me  
Then slow it down until it's nice and easy

Slow the pace  
Ain't a race whoa  
I'm here all night  
For love that's right  
When you please me  
Pump the breaks  
You can take your sweet time  
Ease your mind and remember

When you push up on me oh oh oh (oh oh)  
Take it slow for me baby go slow  
You know I like it when you taking control  
Take it slow for me baby go slow  
Slow it down down down  
When you put it down down down  
We can slow it down

Ohh ohh we make this night a slow ride  
Ohhh ohh passionate vibes what you like  
You and I don't need no lights  
When that pressures applied  
When that pressures applied you just

Push up on me oh oh oh (oh oh)  
Take it slow (oh oh )

Go slow (go slow)  
You know I like it when you oh oh oh (oh oh)  
Take it slow for me daddy go slow (go slow)  
Slow it down down down  
When you put it down down down
