

# Jackyl, Curse On You

I'm reachin' out for you  
You know what I'm gonna do  
Use the power that's in my hands  
To make my wishes your ever command

(Chorus)  
I put a curse on you, on you  
I put a curse on you

I was born of bad blood  
A rare mixed breed  
With the eye of the devil  
And the demon seed

(Chorus)

And when the night falls you feel it creepin' up on ya  
That's when those creepy things go bump in the night  
And it's reachin' up around your back  
And it's pullin' you down

(Chorus)
