

# Jackyl, Open Up

I'm sitting stoned all alone in a room full of friends  
'Cause it lifts the world off me  
Black light shining on Jimmy's face  
It'll never let him be free  
Oh, oh, ashes fall from the spleefs I roll  
Oh, oh, burning holes in my crushed velvet soul  
Oh, all I ever wanted, all I ever wanted  
Is to open up and let the outside in  
Open up and let it begin  
Open up and let it come together  
Open up and let it in  
A Dodge Dart pulls through the drive-thru  
Of the hell hole I'm standing in  
Welcome to the crown of thorns, Chris Kringel  
Never been my friend  
Oh, oh, wishes fall from my tongue like drool  
Oh, oh, the ground floor of life is cruel  
Oh, oh, all I ever wanted, all I ever wanted  
Come together  
I see it now, I'm gonna get it  
I see it, I'm gonna let it, let it, let it, let it begin  
Let it begin, let it begin  
Open up, open up  
Open up and let the outside in  
Open up and let in begin  
Open up and let it come together  
Open up and let it in  
Open up and let the outside in  
Open up and let it begin  
Open up and let it come together  
Open up and let it in
