(Chorus - Eminem)

Welcome to D Block, the city of broke down dreams

With things aint always peachy keen as they seem

City of dope dealers, killers, pimps, pushers,

Pin handlers Hustlers and doped out fiends

The sun dont shine here, in this part of town

But we all got a town that's similar to this too

'cause every cities got a ghetto and every ghetto got a hood

Take a good look around you 'cause there's a D Block near you

(Jadakiss)

Place where aint no body that proud, its a f**kin black cloud

That got people under the impression they can act wild

Workin around though, see if you can pull a trigger on the pound yo

Five minutes flat the whole town though

Lot is assumin a *****s salary

More lies than truth definatly more rumors than reality

Only way you beatin a body is a technicality

Other than that catch em and clinton on a gallery

The determination and dedication of disipline

Listenin and catchin the ***els you was missin

And they still doin coward shit

You know the haters gonna always be heavy but the love overpowers it

Somethin in the air but the older they get,

They kill you quicker over a girl than over a brick,

We dont play with the lizards, we make phrases up and say I'm exquisite,

Anytime you can pay us a visit

(Chorus - Eminem)

Welcome to D Block, the city of broke down dreams

With things aint always peachy keen as they seem

City of dope dealers, killers, pimps, pushers,

Pin handlers Hustlers and doped out fiends

The sun dont shine here, in this part of town

But we all got a town that's similar to this too

'cause every cities got a ghetto and every ghetto got a hood

Take a good look around you 'cause there's a D Block near you

(Eminem)

Welcome to D Block, the might mighty D Block

A place in New York City where Diddy wont even walk
Its D Block, the part of Yonkers where I wouldnt be caught
Without two pistols on me that'll be cocked in each pocket
D Block dont even stop to talk, you just keep walkin,
Stick up kids every block who walks with that free op-
-Portunity, as soon as you leave out that ***elry shop
And you wont even notice your mind will be so preo-
-Ccupied on that new watch you just copped
You wont even see that ride pull up along side you
You'll be shot fore you even realize you were spied over three blocks
D Block the place where gees get knocked, locked up
Get out come home for a week and get re-knocked
You dont even see cops, hiphop police dont even stop,
On D Block, where everybody wants to be Pac
And you can get popped over the new G Unit reboks

(Chorus - Eminem)

Welcome to D Block, the city of broke down dreams
With things aint always peachy keen as they seem
City of dope dealers, killers, pimps, pushers,
Pin handlers Hustlers and doped out fiends
The sun dont shine here, in this part of town
But we all got a town that's similar to this too
'cause every cities got a ghetto and every ghetto got a hood
Take a good look around you 'cause there's a D Block near you

Welcome to D Block, a place where lil *****z is killaz,
And the mother's raisin a son That turns into Gorillaz,
And the hallways is pissy as hell, all we do is get bigger
More ignorant, you send us to jail, my *****z shoot anything that'll move
Sell drugs, from the rise to the sun to the fall of the moon,
I'd die the way I stand With my man if I can when the shells come,
This is D Block ya'll welcome

(Chorus - Eminem)

Welcome to D Block, the city of broke down dreams
With things aint always peachy keen as they seem
