

Jade, Sexton

My oceans hands wouldnt keep the sky
In a sweet embrace
Youre happy
So lovely
Im a negative narcissist

Fuckin with assholes
Jumpin under waves in space for a while
You can suck
Anything
I wanna feel it in my bones

Ill turn in something new
That I dont know
Ill turn in something new
That everyone can see

White tears cover me
When I ask for you
Explosion
Implosion
I wanna lick everything

Ill turn in something new
That I dont know
Ill turn in something new
That everyone can see

Over myself
Over libido
