

# Jaden Smith, Plastic

shoot the glock  
don't even talk to me  
they need to water me  
I need it all for free  
landlines  
stand by  
roll the bands  
make 'em fly

let's go  
last time, ran outta plastic  
do a backflip, gatymnastic  
every time I spit go platinum  
open up my mouth  
I go platinum  
whip with the wings like Batman

rollin' all over Manhattan  
bleck teeth  
I don't even know what happened
