

# Jagged Edge, Addicted To Your Love

mic check, one to get ready uhm,  
I'ma get you sweaty and JE they gon' give you some (x4)

I tried to let you go so many times, yes I have  
and I never thought that going back would never cross my mind  
see I find it's only you that can give me that special treatment  
I ain't never been wanting to beg,  
baby I miss you and baby I need you

(Chorus)

You know I like the way you make me feel inside  
baby I just can't shake ya, I'm addicted to your love, baby  
All day, all night you make me feel so right  
baby I just can't shake ya, I'm addicted to your love, baby

The thought of you makes me go crazy and I know  
if you trust me you could be my one and only lady  
And you make me feel how I wanna feel  
taking your time, let me know what's real  
You know that I feel so right so give me what you got tonight

Lady when I close my eyes all I see is you  
and all the beautiful things that we used to do  
Lady when I close my eyes  
it's only you I think of cuz I'm addicted to your love

(Chorus)

You know I like the way you make me feel inside  
baby I just can't shake ya, I'm addicted to your love, baby  
All day, all night you make me feel so right  
baby I just can't shake ya, I'm addicted to your love, baby

(repeat till fade)
