

# Jagged Edge, Can I Get With You

Ha-ha I don't need no sex  
I just wanna get with you

Oh, all I wanna know is can I get with you?  
Don't lead me on  
Can I get with you?  
Girl it's you, it's you  
It's them things that you do  
It's all about you, it's you  
I just want to get with you

Girl, I see you shaking your butt, baby what?  
What'cha trying to do?  
I don't need a little time cause tonight you're mine  
Have a drink or two yeah  
Girl let's have some fun  
You said that's what you really want  
I got what you need  
And I will fulfill all of your dreams

We can ride all night long  
If you want  
We can play our favorite movie and stay home  
Cause no matter when or what we do  
I wanna get with you, oh yeah

Don't lead me on

Step in my ride I need company  
I'm under that portion that you opened up for me  
What you wanna do? Yeah

Anything you're wanting  
Whatever you need, whoa, whoa
