

Jagged Edge, Can't Get Right

Yeeaaaah.....

[Verse 1:]

Like an angel in disguise
You make my bed feel heavenly
And all to my surprise
My life improves like daily, all because of you
We never had a fight about foolish
He say, she say
Her way, my way
Never wear my heart up on my sleeve
But, you're what I need
Now I see so clearly

[Pre-Chorus:]

Sometimes I'm almost sorry that I found you
(And it's only because)
Cause I can't get no peace when I'm not around you
Oooh...

[Chorus:]

Oh, can't get right without you in my bed (I can't get right without you in my)
Can't get right, keep seeing you soaking wet (When you leave me alone, I can't get through the nig
Can't get right without you (In my)
Holding you tight
So sweet, so tender (Oh)
Can't get right without you in my bed (Can't get right without you in my bed)

[Verse 2:]

It's like a thief off in the night
You stole my heart away from me
(Stole it right away from me)
And though my bed is king in size
I feel like a peasant dyin' slowly, all because of me
I always had a chip up on my shoulder
(Know I could've been, whole lot nicer)
Been through what I've been through
Your heart gets colder
You're what I need
You know what you mean to me

[Pre-Chorus:]

I take that back
I'm never sorry that I found you (Oh)
(And it's only because)
I'm a much better person from bein' around you
Oooh, I can't get right

[Chorus:]

Oh, can't get right without you in my bed (Said I can't get right without you in my bed)
Can't get right, keep seeing you soaking wet (Keep seein' you soaking wet, yeah)
Can't get right without you in my (Without you in my bed)
Holding you tight
So sweet, so tender (In my bed)
Can't get right without you in my bed (Oh I need)

[Bridge:]

All I need is you, right here in my bed
When you climb on up, nothin' left to be said
All my issues, straight disappear, from my head
Who would've thought life revolves around this bed
Never thought I'd say these words out my mouth

Never thought that I could survive in this house
Without you layin' right next to me
Staying down (Down)
Down (Down)
Down...

[Pre-Chorus:]
Sometimes I'm almost sorry that I found you (Oh)
(And it's only because)
Cause I can't get no peace when I'm not around you
Oooh...

[Chorus:]
Oh, can't get right without you in my bed (Can't get right, without you in my, yeah)
Can't get right, keep seeing you soaking wet (You can't leave me alone, no, no, no, no)
Can't get right without you in my (Baby I)
Holding you tight
So sweet, so tender (Yeah, yeah, yeah)
Can't get right without you in my bed

It's all in my head
I can't get right without you here-eh...
