

# Jagged Edge, What's It Like

Ooh ahh, Ooh ahh, ooh ahh ahh ahh  
Everyday I age, I just want my life to change  
I done been around, put away my childish things  
Like my attitude, it ain't good to be so rude  
I wanna be in love, it's my right to  
And every year I seem to make some really bad mistakes  
And I'm ready now, I don't wanna be this way  
I'm finding out, what it's all about. Yeah  
I want to be in love  
What's it like to be in love? That's all I been thinking of  
And I was just wondering, will love ever know me?  
And my heart is open, and I've been hoping  
To find what it is everybody keep on talking 'bout  
What's it like to be in love? That's all a nigga thinking of  
And I was just wondering, will love ever know me?  
And my heart is open, and I've been hoping  
Somebody show me, what's it like to be in love?  
My life has changed somehow, but still so much the same  
Got a bank account, I'm still broken down  
I need to know, where does this road go (hopefully someone for me)  
Family, is that so much to ask Thee?  
Begging please  
Feel like I'm going mad  
I'd trade all I have  
Just to know...  
I know love is something that you can't go out and buy  
When you looking, always seems like it's the wrong time  
But I hope one day I'll give away this heart of mine  
Girl I think I'm ready  
I wanna know love  
What's it like to be in love  
What's it like to be in love
