

Jaguar Wright, Too Many

Hear no evil, See no evil, Speak no evil
You ain't seen evil

Tell me what you saw, was it like anything that I've seen
Let us not forget sista that your past ain't squeaky clean
And I know you wanna run back, and tell her
What a bad person I am but are you sure your gonna do that
Be sure, with every thing you've done with her man
At the baby shower, down in her basement
Back seat of her car, both times she was pregnant
At your mothers house, while she was in labor
Sure you wanna say something, I'm trying to do you a favor
Why it's always you who confirms his alibis
Panties that she found, barbecue forth of July
Know if this was her
If I was you I'll keep mouth shut bitch so

Hear no evil, don't hear nothing that I ain't hear
See no evil, don't see nothing that I ain't seen
Speak no evil, don't say nothing you don't want said
You ain't seen evil until you've dealt we me first hand

Got a situation, see, and it can go one or two ways
You could be a good girl and forget what you saw here today
If your sista finds out, about me she'll feel violated and
If she finds out about you, damn, damn, damn
She'll be hurt cause your family
So don't try to act like you've been betrayed
Your sleeping with your sista's husband sweet thang
Lets not make this personal, we both know he's a dog
If you tell your sista, I'll lose a friend but you'll lose it all
He's not gonna ??? both you or me
I'm the last person you want for an enemy
So don't even think about the
An anonymous phone call is what your sista gonna get from me

Hear no evil, don't hear nothing that I ain't hear
See no evil, don't see nothing that I ain't seen
Speak no evil, don't say nothing you don't want said
You ain't seen evil until you've dealt we me first hand

So what you gonna do, nothing
Who you gonna tell, nobody babe
Who you think your dealing with
You must not know me bitch
Who you gonna see, nobody babe
Who's going to run me in, nobody babe
Every things come out your mouth
If I was you bitch I'd really watch out

Hear no evil, don't hear nothing that I ain't hear
See no evil, don't see nothing that I ain't seen
Speak no evil, don't say nothing you don't want said
You ain't seen evil until you've dealt we me first hand.
