

# Jahcoozi, Double Barrel Name

Look me in my fancy Ford,  
On my way to the Betty Ford,  
Got my pimped out Ford Escort  
and my breasts are large and my legs are short  
Look at me big boobs, big house in Spain  
But you know I'm under strain  
Everyday rollin' on everything's the same  
Just rollin' on in vain  
Look at me big boobs, big house in Spain  
What a pain all the fame  
Ex-husband with a pool and a big fountain  
And a double barrel name  
And a double barrel name  
Look at me my life is so mundane  
Says my best mate Charmaine  
Jane Fonda leotard and A pink bidet  
D'you wanna cup a tea  
Look at me, my life's gone down the drain  
Lift me out with a crane  
Didn't study anything apart from my nails  
My hubby pays the bills  
While I'm popping all my pills  
My hubby pays the bills  
While I'm popping all my pills  
Bill up Charmaine  
It's time to lie back and get caned
