Jahiem, Fabulous

Young cat got back did a little time
Now he hard, he buff, he tough, doo-rag and Timbs,
kind of hard to get a job, back out on the block:
charge that to the game

Young girl she grew up in a rush,
had it bad, no doubt, she don't know who to trust
every man she ever loved only wanna fuck":
charge that to the game

(Bridge:)
but its all gravy, hey baby
shots get popped, the cops shut down the party.
jeans sag low, blow smoke out of Dutches,
we got love for ya'll but ya'll don't love us

(Chorus:)
Now we swerve in the suburban, switchin lanes
spend up all our dough on chrome and thangs,
name our kids with funny names,
Don't hate on us we're fabulous

Pre-paid cellies for local calls
little jons Adidas up at the malls,
rockin cornroll twists, that's how we roll
Don't hate on us were fabulous

(Verse 2:)
They met, he said how she was a dime,
so naive that she believed every single line,
17 first time, knocked up bout to have a child:
charge that to the game

was just us and mom, single parent home,
she did the best she could, did it all alone,
met a man but he won't raise a child that's not his own
Oh, no,
Oh, no, no

(Bridge:)
but its all gravy, hey baby
shots get popped, the cops shut down the party,
jeans sag low, blow smoke out of Dutches,
we got love for ya'll but ya'll don't love us

(Chorus:)
Now we swerve in the suburban, switchin lanes
spend up all our dough on chrome and thangs,
name our kids with funny names,
Don't hate on us we're fabulous

Pre-paid cellies for local calls
little jons Adidas up at the malls
rockin cornroll twists, that's how we roll
don't hate on us were fabulous

We're all that we've got
and no matter whatever together we'll weather the storm
It aint a lot, we all we got, it might get rough, but it's alright
'cause U-N-I-T-Y is all we need to get our R-E-S-P-E-C-T
and never G-I-V-E U-P
and keep your H-E-A-D U-P
and never G-I-V-E U-P
and keep your H-E-A-D U-P

and never G-I-V-E U-P
and keep your H-E-A-D U-P
and never G-I-V-E U-P
and keep your H-E-A-D U-P
and never G-I-V-E U-P
and keep your H-E-A-D U-P
