You were the best thing  
And the worst thing  
That ever happen to me  
All rolled up into one.  
And it's taken me this long to write a song about you.

Should have listened to myself when you walked back in my life  
For the third time.  
Guess I should have closed my legs and my door to you.  
But I can trust you 'bout as far as can throw me.  
And I could stand you just as long as you afforded me.  
And it's taken me this long to write a song about you.

You were the best thing  
And the worst thing  
That ever happen to me  
All rolled up into one.  
And it's taken me this long to write a song about you.

And I hope I never see you again  
But I promise you one thing  
I may never see your face.  
But I know you'll see me.  
Yeah, I know you'll see me.

You should probably watch out  
For me.

You were the best thing and the worst thing  
That ever happen to me  
All rolled up into one.  
And it's taken me this long to write a song about you.

And I'm sorry if this doesn't do it for ya.  
I'm sorry that you didnt measure up  
And I'm sorry if I left you feeling empty.  
I'm sorry you let your life screw you up.  
And I'm sorry that I didn't love you more.

But I feel sorry for that whore you left me for.

I'm sorry I gave you 5 years  
But most of all  
I'm sorry it took me this long.  
I'm sorry it took me this long.  
I'm sorry it took me this long.  
I'm sorry it took me this long.  
To write a song about you.
