Black burn. I feel so alone without you boy now I 'm here hanging out in the street thinking about reactions over actions walking on the sky of my dreams

Come,come,my baby come I will show you the world Come,come, my baby come I will cover your nightmares Come,come,my baby come I will love you forever Come,come,my baby come I will not let you go

My love, I just feel so lost without you boy I am yours even if time has passed Take me away from this impetuous world leaving this jail of my mind
