

Jakalope, Star 24 (No Apologies)

I'm gonna get you
One, two, three
I'm gonna be your
Guarentee
I'm gonna make this
Fit you see
Turn it into
Make believe

I'm gonna make this fit
Turn it into fantasy
I'm gonna do what you please
Follow me
One, two, three

You'll wanna hear about it
Reading your mind off my sleeve
You'll wanna hear about it
I'm on my feet till they bleed, saying

Give it to me
I mean your cash
Give it to me
I want all of that
Give it to me
I said money
From the start no apologies

I'm gonna get you
One, two, three
I'm gonna get you
Turn it into fantasy
I'm gonna ge-get you
I'm gonna do what you please
Follow me

You'll want to hear about
I'm on my feet till they bleed, saying

Give it to me
I mean the cash
Give it to me
I want all of that
Give it to me
I said money
From the start no apologies

It's your name and its on the fence
Lets give in to the pretending

Give it to me

Give it to me
I want all of that
Give it to me
