

Jamelia, Beware Of The Dog

Listen to me

Do you know how much you want him?
You're trying to be cool about it
You're trying to big about it
You're constantly just denying
You're like a moth to a flame
Can hardly wane
But listen 'cos I know what I'm saying

He's trying to catch you in it
And then he'll back you in it
Cos he's just another girl addict
And if you give it away
You've gotta be crazy

(See it)
Stop!
You better shake him off
Before he gets ya
(He's coming to getcha, he's coming to getcha)
Stop!
He'll only build you up
And then forget ya
He's dirty to the bone - beware of the dog!

I was damn near addicted
I got into trouble with him, I got in the bubble with him
Everything was just how he wanted
Oh, but then I got wise
I got out of sight
So take me advice

(See it)
Stop!
You better shake him off
Before he gets ya
(He's coming to getcha, he's coming to getcha)
Stop!
He'll only build you up
And then forget ya
He's dirty to the bone - beware of the dog!

(See it)
Stop!
You better shake him off
Before he gets ya
(He's coming to getcha, he's coming to getcha)
Stop!
He'll only build you up
And then forget ya,
He's dirty to the bone - beware of the dog!

I know you hear me
I know you hear me - I KNOW YOU HEAR ME!
Uhh! uhh!

You better reach out and touch me!
(Reach out and touch me)

(See it)
Stop!
You better shake him off
Before he gets ya

(He's coming to getcha, he's coming to getcha)
Stop!
He'll only build you up
And then forget ya
He's dirty to the bone - beware of the dog!

(See it)
Stop!
You better shake him off
Before he gets ya
(He's coming to getcha, he's coming to getcha)
Stop!
He'll only build you up
And then he'll forget ya
He's dirty to the bone - beware of the dog!

(See it)
Stop!
You better shake him off
Before he gets ya
(He's coming to getcha, he's coming to getcha)
Stop!
He'll only build you up
And then forget ya
He's dirty to the bone - beware of the dog!

Beware of the dog...
Beware of the dog...
Beware of the dog...

You better reach out and touch me
