

# James Bay, Scars

You're setting off, it's time to go, the engine's running  
My mind's lost, we always knew this day was coming  
And now it's more fright'ning than it's ever gonna be  
You're miles away, I watch you on a red horizon  
Your line's heart, I would touch you on a storm sky  
And I will always be listening for your laughter and your tears  
And as soon as I can hold you once again  
I won't let go of you, I swear  
We live through scars this time  
But I've made up my mind  
We can't leave us behind  
Anymore  
Your hands are cold, your lips are turning blue, you're shaking  
This fragile heart, so heavy in my chest, is breaking  
And in the dark, you try to make a pay phone call to me  
But you're miles away, your ship breaking up  
You're on your own  
It's hard to take, I need an hour just to say hello  
And I can't make the truth of this work out for you or me  
And for all the pennies in your pocket  
We barely get a second just to speak  
We live through scars this time  
But I've made up my mind  
We can't leave us behind  
Anymore  
We'll have to hurt for now  
But next time, there's no doubt  
Cuz I can't go without you  
Anymore  
Oh no no  
We live through scars this time  
But I've made up my mind  
We can't leave us behind  
Anymore  
We'll have to hurt for now  
But next time, there's no doubt  
Cuz I can't go without you
