

# James LaBrie, Oblivious

Like a stranger in the waiting  
Her arrogance a sure foot in  
Could blow her cover  
If I warned them  
Letting them know  
She's not who she pretends

My stomach in knots  
A relentless force  
Consumed with these thoughts  
That kept on playing over  
I sway back and forth  
My face it contorts  
Interpret obscene  
Oblivious I seem  
It never will end  
Look at what I am  
I have no more pride  
It ditched my ride  
I'm useless  
It happened so quick  
It makes me feel sick  
A sheer heart attack  
I guess I got my wish

Now - Where are you now  
Now - Where are you now

So you think that you can handle her  
She's not your type  
But man she's pulling you in  
I've seen the look  
Think you've got her all figured out  
But you don't know  
It's her who's pulling your strings

Your stomach in knots  
A relentless force  
Consumed with these thoughts  
That keep on playing over  
You sway back and forth  
Your face it contorts  
Interpret obscene  
Oblivious I seem you  
It never will end  
Look at who I am  
I have no more pride  
It ditched my ride  
I'm useless  
It happened so quick  
It makes me feel sick  
A sheer heart attack  
I guess I got my wish

Now - Where are you now  
Now - Where are you now

Hey Dad  
Did you get my picture  
Your girl turned out  
Being just like you  
You bought my love  
And I'm rotten to the core  
Don't know what's love

It's my tribute to you

My stomach in knots  
A relentless force  
Consumed with these thoughts  
That kept on playing over  
I sway back and forth  
My face it contorts  
Interpret obscene  
Oblivious you've been  
It never will end  
Look at what I am  
I have no more pride  
You ditched my ride  
I'm useless  
Entangled in this  
You know you're the prick  
And can't take it back  
Hey Dad but you knew best

Now - Where are you now  
Now - Where are you now  
Now - Where are you now  
Now - Where are you now
