

# James Morrison, If The Rain Must Fall

Oh life can be strange  
Good and bad in so many ways  
And in time you will find  
That things are not always what they seem

Well I've got something to say  
But you might laugh, joke or run away  
Coz I'm awkward and nervous  
Sometimes I don't say much at all

But if the rain must fall  
If I lose it all  
If the world comes down and takes any soul  
If the sky turns black  
And there's no no way back  
It won't matter much to me  
If I had you  
All I need is your love  
That's all I need  
All I need is your love

Oh well dreams can come true if you know inside you really want them to ot you can sit you can wa  
You can leave your fate in someone else's hands  
Oh but I, I want you  
And nothing else can make me feel the way you do  
So I'm waiting, I'm wishing  
That it's me you'll be holding tonight and every night
