

James, Moving On

Dreams don't get me started
Looking backwards
To move on
Strong
Yet Open heart
Accept leaving
When leaving comes

Come and see it coming
Never said I love you
Hope you knew

No my bags are packed
And my cells are tacked
And my
Pass out

I'm on my way
Subic movie
Leaving little lie on
Leaving little lie on
/2x

Time always on wild end
All this deadlines in my mind
See, the dreams we planted
Took for granted
Didn't draw
Walking down this road
When my pulse be strong
Up to have you close ..
When this times goes end
And it starts again
Will we recognize our friends?

I'm on my way
Subic movie
Leaving little lie on
Leaving little lie on
On my way
On my way
On my way
Leaving little lie on
