

James Otto, For You

You could call me anytime and I'd come running
I'd go to hell and back to rescue you
I'd give up my soul and everything I own
If that's what you want, I'd do that for you

Chorus:

Oh but now you're asking too much
You want me to find somebody new
Oh I never thought I'd say this
But girl, congratulations
You found the one thing I can't do for you

Ask me for forgiveness, girl you've got it
If you don't love me what else can I do
If this really is the end you won't see my face again
If that's what you want, I'd do that for you

Chorus

You'll have to think of something else
Cause there's no way to turn it off
I'm sorry girl, I can't fall out of love

Oh I never thought I'd say this
But girl, congratulations
You found the one thing I can't do for you

You found the one thing I can't do for you
