

# James Reyne, Only A Fool Would Say That

A world become one  
Of salads & sun  
Only a fool would say that  
A boy with a plan  
A natural man  
Wearing a white Stetson hat  
Unhand that gun begone  
There's no one to fire upon  
If he's holding it high  
He's telling a lie

Chorus ~  
I heard it was you  
Talking 'bout a world where all is free  
It just couldn't be  
And only a fool would say that

The man in the street  
His draggin' his feet  
Don't wanna hear the bad news  
Imagine your face  
Your there in his place  
Standing inside his brown shoes  
You do his nine to five  
You drag yourself home half alive  
And there on the screen  
A man with a dream

Chorus

Anybody on the street  
Has murder in his eyes  
You feel no pain  
And you're younger than you realise

And only a fool would say that  
And only a fool  
And only a fool would say that

Chorus ~ x 2

And only a fool would say that  
And only a fool would say that  
And only a fool would say that  
And only a fool  
And only a fool would say that  
And only a fool
