

Jamie Cullum, Everything You Didn't Do

I will meet you in the city
What is there about the stars?
In the moonlight we're all pretty
Cos? it paints over the stars
We should put on the sun,
we are citizens of all you can see,
we've got nothing but time
you find everything you didn't do
everything you didn't do
Standing right in front of you

we should put on the sun
we are citizens of all you can see,
we've got nothing but time
you find everything you didn't do
Standing right in front of you
