

# Jamie Foxx, Get This Money

[1st verse]

Shorty, trust me when I say  
You're looking john blaze  
In your lingerie  
And shorty, I like the way you play  
And move about on stage  
I won't be mad at u  
For swingin' it my way

[Hook]

I've got my money on u  
Big faces spankin' brand new  
While I'm here this is what u  
Need to do  
Come and get this money  
If you don't want everyone to see  
Just how naughty u can really be  
We can ease off to the v.i.p.  
Come and get this money

[2nd verse]

Not too many, wear it quite as well  
U can take care of yourself  
It aint hard to tell  
And not too many  
Can go into a split  
From standing to a sit  
I aint mad at u, not one bit

[Hook]

[Bridge twice]

I got more than 5 on it  
(Dance for me, dance for me)  
I see u got your eyes on it  
(Dance for me, dance for me)  
So act like u know, are u trying to  
Get this dough, or what?

[Hook vamp]
